#601-9930 Bonaventure Dr., S.E.  
Calgary, AB., Canada T2J 4L4

Attn: Taron Puri

Dear Taron,

I wanted to send a letter expressing my thanks for your gift as a true "energizing" speaker. Having you come and put on the energy seminar for us and our employees; we have seen such wonderful things happen and we know that this will continue to benefit us for a lifetime.

Those who attended the seminar have expressed to us over and over again their appreciation for having us host the seminar and for your gifts as a speaker. This is not something that we have to practice over and over again in order to see results. Results were immediate and the change in us and our employees are incredible.

All in attendance are already expressing a desire for level two and I am sure that we will see you back again very soon.

Sincerely,

Kathleen Blazek  
Vice President  
Construction Site Management, Inc.
